

### **c360 Web Connect Remote Install Assistance**

The c360 Web Connect Remote Install Assistance offering provides the technical assistance necessary to get the c360 Web Connect up installed and running. The installation includes setup/configuration of the sample forms and one custom form. Using a remote access tool, c360 Solution support professionals work with your internal personnel to successfully complete all necessary installation steps. Remote access tools enable c360 Solution support professionals to install the c360 Web Connect Components on any server that can access to the internet via HTTP.

### **Information**
