Overview and Notes

Overview

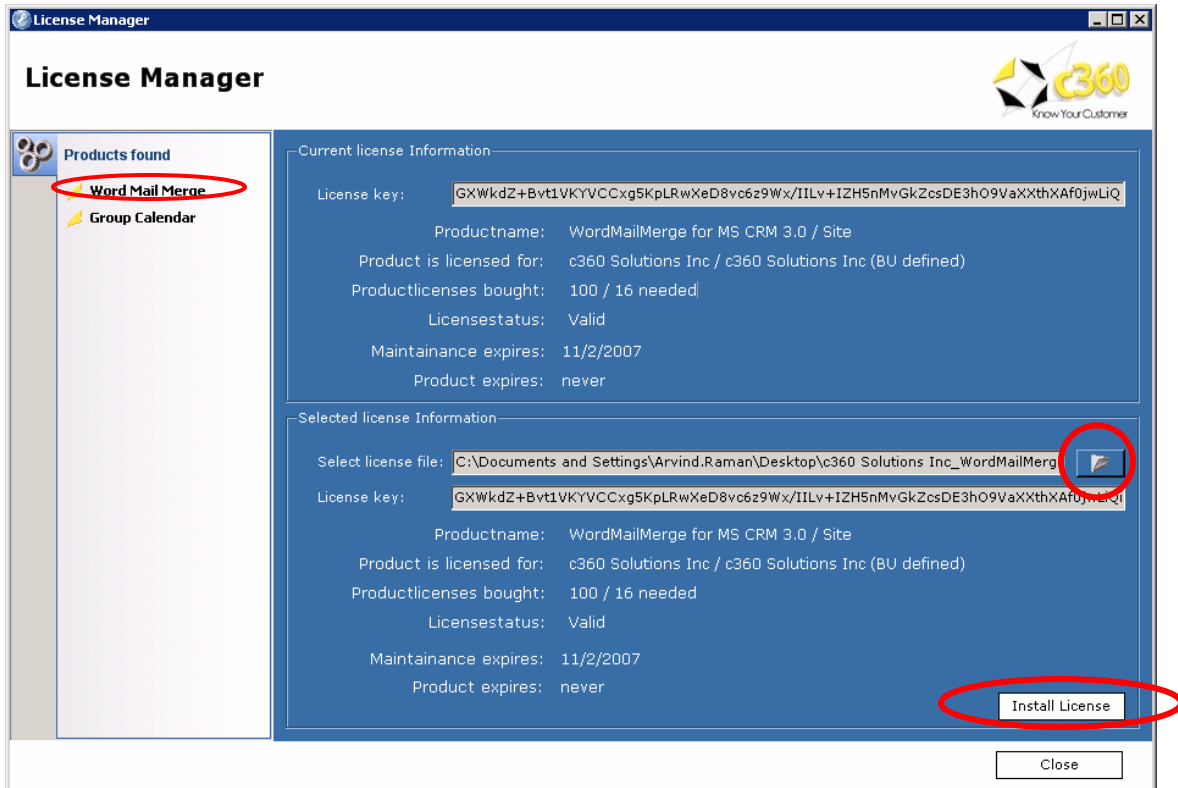

The c360 License Manager enables you to easily view and replace the licenses for the 'Group Calendar' and 'Word Mail Merge' product

Note – License Manager is not compatible with any other c360 products

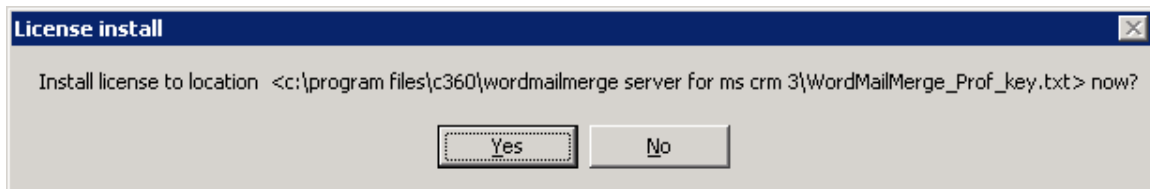

Installing Word Mail Merge Licenses

Step-by-Step instructions

1. Launch the c360 License Manager from the CRM Server at
 "c:\Program Files\c360\WordMailMerge Server for MS CRM 3\bin\PTM.LicenseManager.exe"
2. Click on 'Word Mail Merge'

3. You can select the license file that you received by clicking on the open folder button (shown in red above)
4. Verify the information to make sure it's correct and Click "**Install License**". After the license is parsed, you will see below message

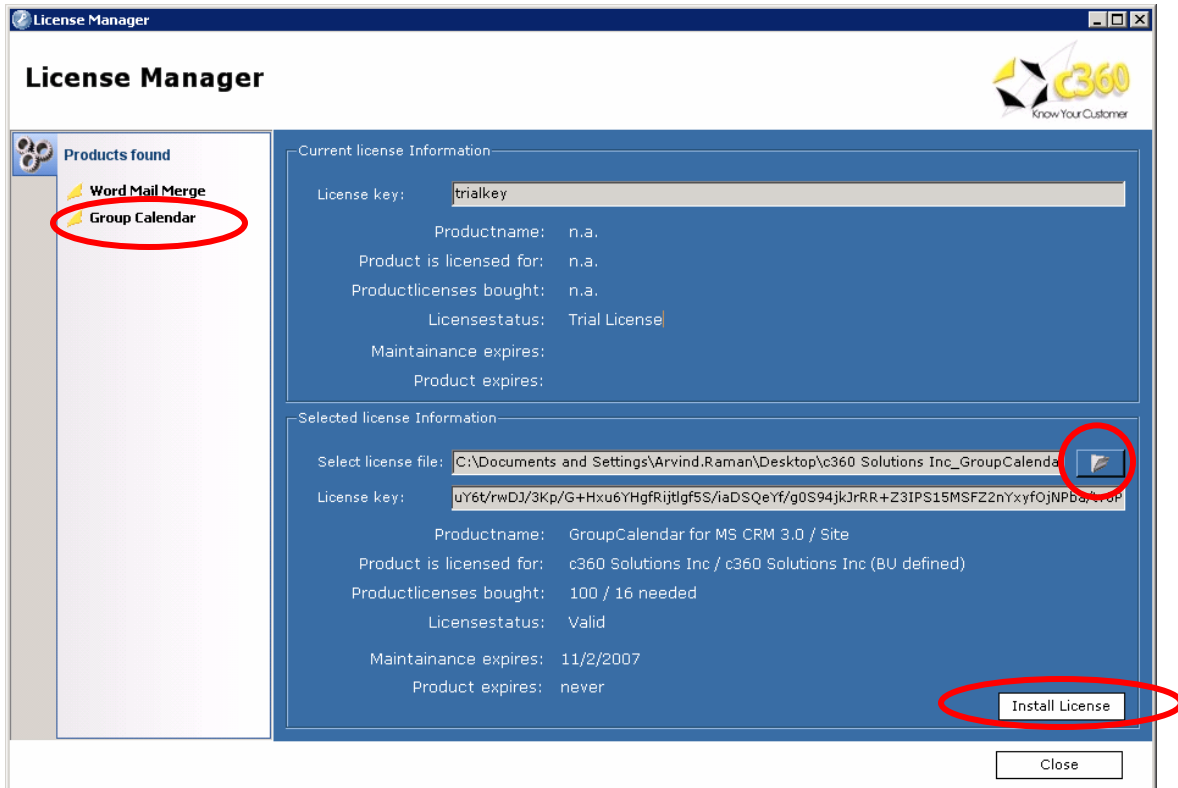

5. Click "Yes" and the license file will be installed

Installing Group Calendar Licenses

Step-by-Step instructions

1. Launch the c360 License Manager from the CRM Server at "c:\Program Files\c360\c360 GroupCalendar\bin\PTM.LicenseManager.exe"
2. Click on 'Group Calendar' on the left hand side

3. You can select the license file that you received by clicking on the open folder button (shown in red above)
4. Verify the information to make sure it's correct and Click "**Install License**". After the license is parsed, you will see below message

5. Click "Yes" and the license file will be installed
